Tabled 107 members (from 23 July membership list)

Website:

Richard requested members to send car details and photos to him for our website.

Incoming Correspondence:

Fibre Glass Classics Sunday 13 September:

Mundaring Weir to York Motor Show. Response to Greg Morris by 31/08/20

General Business:

Jackets and pricing discussed

Cards and stickers displayed for member cars

NCRS: New judging category now available for modified Corvettes based on condition not originality.

Meeting Closed ~ 2015hrs

President's report 28 July 2020

Thank you all for the support you have given the committee and myself the past two years. Thank you to the core group of 30 or 40 members that regularly attend meetings, drives, and events. Thank you to the whole committee for their time and efforts.

If there was a member of the year, I think it would have to be either the social committee or the webmaster. An outstanding job, organising drives, events, and keeping our members informed and the website up to date.

Corvettes of WA has been incorporated for around 35 years. I feel as if I have accomplished a few things over the past two years. We remain financially secure, our Constitution complies with the law, we have an outstanding website that works, and our membership continues to slowly grow.

I had hoped to bring Corvettes of WA and the NCRS closer, sharing our Corvette enthusiasm. Hopefully in the coming years we can do more drives together.

Tonight I am standing down from the position of President, Corvettes of WA. In parting if I can leave the club and the committee with one thought, everything in the universe is constantly changing. When a new idea comes up and the first response is, 'we've never done that before', you are probably giving up a chance to progress. New ideas and new procedures will keep our club up to date, current with the times and successful.

I am pleased to have been able to give service to the club for my 18 years of enjoying the benefits of being a member.

Thanks again for your support.
